Emitac Group of Companies

Jointly owned by the well-known Bukhatir & Ghobash Group, Emitac Group was established in 1976. The company has been growing & flourishing by meeting the most challenging requirements of a fast-evolving landscape through impeccable business acumen and technology.

We have established our presence within the region in countries like the United Arab Emirates, Kingdom of Saudi Arabia, The Sultanate of Oman, Pan-Africa, Nigeria & Syria where our branches operate as independent affiliates of EHS.

UNITED ARAB EMIRATES

REGIONAL

Founded by the esteemed Bukhatir (BIL) and Ghobash (GTI) Group of Companies, **EHS** is a healthcare innovator and solutions provider that strives to enrich the quality of life of every stakeholder, partner, caregiver & patient by focusing on their health, comfort, and happiness. With more than 47 years of experience in the industry, EHS has consulted and enabled numerous caregivers in the UAE, through an array of healthcare management solutions, helping them operate seamlessly.

Bukhatir Group is one of the most diversified business houses in the UAE. Its main interests straddle construction, education, information technology, real estate, shopping, commercial and retail development, sports and leisure, and services.

With over half a century of history, success, distinction and excellence, the geographical domain of the Bukhatir Group spans over half the GCC region and North Africa. The group has an employee base of over 5,000. **The Annual turn-over of the group is AED 1.5+ Billion.**

Ghobash Group was established in 1981 in alignment with the UAE's objective to diversify its economy. Since then, the company has added new business activities and has grown by building long-lasting partnerships with its customers, suppliers, and other key stakeholders.

Today, over 1,750 people are employed across seven different industries including Technology, Energy, Healthcare, Chemicals, Business-to-Consumer, Real Estate, and Investments. **Ghobash Group also has an annual turn-over of AED 1.5+ Billion.**

Vision and Mission

Vision

We aim to be the **partner-of-choice** for **best-in-class** healthcare innovative solutions providers in the Middle East.

Mission

To provide superior quality cost-effective services & solutions to the healthcare community, contribute to transforming care delivery and improving partners experience through innovative & digitalized concepts to be executed by passionate employees who strive to support customers and are proud of working for us. EHS will ensure growth, profitability, continuity, and satisfaction of all its stakeholders.

Our Growth Values

Our values are the foundation and direction for the company and the tools to our success, future growth and rise to any challenge.

EHS VALUES ARE SUPPORTED BY SIX Pillars:

Quality	Business Ethics	Customer Focus	Innovation	Efficiency	People
We dedicate ourselves to deliver meaningful / valuable solutions and services that resonate with patients and customers.	Conducting business with the highest standards of professional behaviour, ethics and integrity. We are transparent, honest, ethical and fair in all of our interactions; people trust us to adhere to our word, this should be the backbone for our reputation and growth.	We measure ourselves and our actions through the lens of our customers and patients.	Innovation is essential, as we search out new ways and continuously identify opportunities to adapt to market changes that are timely and effective.	Focus and execution enable us to drive productivity, identify areas for improvement and deliver value without compromising on quality.	Our employees work together collaboratively, they come to work each day focused on improving people's lives. They are essential to the success of the organization. We strive to build and retain a strong team by recognizing and rewarding excellence, and by creating fair opportunities.

Message from the CEO

WELCOME TO EHS. OUR PURPOSE IS TO IMPROVE THE QUALITY OF LIFE!

An independent, privately-owned and locally-owned part of a well-established UAE conglomerate, Emitac has been in business since 1978. We have developed a firm culture of building solid relationships with our customer base, as well as a solid foundation with our existing clients and our world-renowned partners who are leaders in their own respective sectors in the healthcare sector. They have been part of our immense growth and success over the years. We have successfully completed thousands of projects over the years and will continue to grow organically in a rapid phase and acquire more shares of the healthcare market.

All of this has been possible because of our relentless commitment to transforming healthcare concepts and business models into world-class solutions that can be seen in our installations at healthcare facilities and medical institutions across the United Arab Emirates and in other parts of the region.

At Emitac, our best feature and the most precious asset is our team of highly motivated, professional, experienced and knowledgeable individuals most of whom have been with us for many years and have been the pioneers of providing total healthcare solutions in the Middle East. Through their hard work, passion, dedication, and perceptiveness, they continuously drive this organization forward. This essentially is the secret to our success.

"On behalf of the Board of Directors and the members of Team Emitac, we look forward to serving you and your healthcare needs."

~ Mohd Kenanah, CEO of Emitac Group of Companies

EHS: Total Healthcare Solutions Provider

At EHS, we intend to equip as many healthcare providers with products, technology, and solutions from our reliable partners so that we can reach, assist and treat as many patients as we can.

This particular segment focuses on all of our products that equip hospitals and healthcare institutions to enable and facilitate the day to day operations.

Critical Care & Patient Monitoring

Through our partnerships with industry-leading suppliers, EHS offers state-of-the-art, personalized, end-to-end Critical Care & Patients Monitoring solutions that are inclusive of clinical informatics provided by highly skilled and experienced professionals.

These solutions are provided, but not limited to the following segments like:

- Clinics acute care
- Stepdown/HDU
- ICU
- NICU
- CCU
- Burns
- Cardiology
- Neurology
- Respiratory
- Urology
- Pulmonology
- Anesthesia

Over the years EHS has created an enviable track record of successfully deploying solutions in hospitals under the supervision of:

Patient Care & Hospital Furniture

The look and feel of a healthcare environment play a meaningful role in shaping the patients' experiences and can be an important factor in assessing their future healthcare provider. With this in mind, healthcare companies are now studying & implementing ways to enhance the patient room experience with modern and comforting ambiances. At EHS, we are proud to have partnered with leading and reliable brands - such as:

Through our knowledge & expertise of managing patient room requirements, we offer an unmatched experience for our patients. We have proven expertise to provide total room solutions including managing and executing VIP room fit-outs in the region.

Our Hospital Room Solutions adhere to the strictest quality standards (FDA, CE & UL Listing) as well as Greenguard standards.

Medical Consumables & Sensors

We deliver the most advanced and reliable sensors, medical consumables, disposables to all medical institutions we serve. Our products are gentle on the body as well as easy to maintain and use - making them comfortable for both end users and caregivers.

Warehousing

Warehousing is a critical component of our supply chain management process, as it enables Emitac to efficiently manage inventory, reduce our transportation costs, and improve the quality of our customer service by ensuring that products are available when customers need them.

OTR - Order to Remittance

Our Order to Remittance (OTR) process is one of our key business process where we manage and track the complete lifecycle of our customer's orders, from the initial order placement to the final receipt of payment for the solutions, goods or services that we provide.

PMO

Our Project Management Office business process is designed to improve the management of projects within Emitac. The PMO is responsible for ensuring that projects are delivered on time, within budget, and to the required quality standards.

RA - QA Regulatory Affairs & Quality Assurance

Responsible for ensuring that the company's products meet all applicable regulatory requirements and quality standards.
